

# SUMMER ASSOCIATE PROGRAM

The Summer Associate Program at Gibson Consulting is an opportunity that will allow you to gain insight on what management consulting is and what it's like to be in a real consultant role. Through our Summer Associate Program, you will have an opportunity to be in a client facing role, traveling the world to support the client in the field, and help creating solutions for our clients' toughest challenges. The program is both challenging and rewarding, and will lay the foundation for a potential long-term career at Gibson Consulting. As a Summer Associate, you will:

- Take part in an intensive on-boarding and training program that combines classroom lectures with hands-on activities.
- Be paired with a member of our Consulting team, who will act as your mentor while you build valuable connections and friendships starting day one.
- Join a Gibson Client team to experience our world-class services first-hand.
- Be *considered*\* for a full-time position with the team.
- Engage in an independent project and present your findings to Senior Management at the end of your internship.
- Be immersed in new cities and cultures while working hand-in-hand with clients around the world.
- Have an opportunity to travel with your team to client site visits and/or supplier shows.
- Network with the entire firm at social events (sporting events, Chicago Boat Tour, dinners, etc.).

## SUMMER ASSOCIATE REQUIREMENTS

Gibson Consulting is currently seeking **highly motivated students with an entrepreneurial spirit** for our Summer Associate Program. This **paid associate program** will last approximately 10 weeks from June to August 2020. Summer Associates will work on projects designed to help them gain real-world, hands-on experience, working independently under an assigned mentor. We are seeking students who meet the following criteria:

- Sophomores or Juniors in good academic standing (GPA 3.00 and above) pursuing a Bachelor's degree in Business (e.g. Accounting, Supply Chain, Finance, Logistics) and/or Engineering.
- Proficiency with Microsoft suite programs (including PowerPoint, Word, Excel, Access).
- An interest in consulting with some prior experience (internships, case studies, or school work) – Operations, Finance, Engineering, and Supply Chain.
- Strong analytical and problem-solving skills (experience with Excel PivotTables, Access databases, and/or data visualization tools).
- Exceptional verbal and written communication skills.
- Experience or desire to be client-facing.
- Willingness to travel (domestic and international) up to 80% of the time to support our clients.
- Enjoy working in a collaborative, team environment.
- Desire to grow and learn in an ever-changing environment.

If you seek a challenging opportunity with long-term career potential at a growing company with an entrepreneurial corporate culture, please send us your resume. We look forward to receiving your application. **Please send all questions and correspondence to [careers@gibsonconsulting.com](mailto:careers@gibsonconsulting.com).**
